

ACCU TURF™

CRYSTAL GREEN® 5-12.2-0

SLOW RELEASE PHOSPHOROUS WITH 10% MG

Product Features:

- Crystal Green® is Root-Activated™, as the roots release organic acids, such as citrates, Crystal Green® responds with a healthy release of phosphorous to feed the plants
- As plant demand decreases, nutrient release from Crystal Green® is reduced; minimizing excess phosphorus in the soil and lowering the risk of tie-up, leaching, and runoff.
- Crystal Green® also contains 10% magnesium, which is essential for capturing the sun's energy for photosynthesis, enhancing the natural, vibrant colour of the turf

Product Benefits:

- Each granule of Crystal Green® delivers phosphorus, plus nitrogen and magnesium for up to 30% more root length and density - the ultimate defense against seasonal stress and daily wear and tear
- Crystal Green® helps turf create larger root mass which means optimized nutrient uptake, improved stress recovery and better turf stand
- Magnesium helps to promote good turf colour and vigour.

Guaranteed Minimum Analysis:

Total Nitrogen (N)	5.0%
5.0% Ammoniacal Nitrogen	
Phosphorous (P)	12.2%
Magnesium (Mg)	10.0%

Derived From:

magnesium ammonium phosphate hexa-hydrate

FORMAT: 20 kg

SGN: 200

PRODUCT CODE: R545069

Crystal Green® is a registered to Ostara Nutrient Division

Application Rates:

Bag kg	Application rate kg/100m ²	Application rate kg/ha	Nutrition Supplied kg/100m ²			Area covered m ²	Number of bags per Hectare
